Post

Gabrielle Repik posted a new entry in the forum General Discussion in the group Biological Safety Practices

Yesterday at 2:26 pm

Hello all, We recently had a discussion in our IBC regarding *Helicobacter hepaticus*. The question is whether this is pathogenic to humans or not and which biosafety level this should have handled in the lab and the animal room. We have found evidence online that it has been associated with human liver and gastrointestinal disease but are not seeing anything showing it is actually pathogenic to humans. In addition, *H. Hepaticus* is often found in rodent colonies anyway. If you can share your...

Accessing Forums in a CoP

The screenshot shows the CSHEMA website interface. At the top left is the CSHEMA logo. The top navigation bar includes 'My Feed', 'My Profile', and 'Member Directory'. A user profile for James Fleetwood is visible in the top right. The main content area is titled 'My Groups' and contains a search bar and a list of Communities of Practice (CoP) groups. Two callout boxes provide instructions: one points to the 'Communities of Practice: Embedded Safety Professionals' group, and the other points to the 'Group Quick Links' dropdown menu.

Communities of Practice: Embedded Safety Professionals

143 Registered Members

Welcome to the Embedded Safety Professionals CoP! ESPeeps (as we fondly call ourselves) have safety roles in a specific unit of our institution. ESPs bring a lot to the table, as we facilitate communication between departments and central EHS, provide consultations, and implement programs, thus improving the overall safety in our organization.

Access a CoP's Group Home by Selecting the CoP of Interest From the CoP Dashboard (My Groups). The Group Home contains a CoP's Forums, Calendar, Directory, etc.

Select Group Quick Links to Go Straight to the Forums etc.

Accessing Forums in a CoP

The screenshot shows the CSHEMA website interface. At the top left is the CSHEMA logo. The top right shows a user profile for James Fleetwood with a search bar. A dark red navigation bar contains links for My Feed, My Profile, Member Directory, Job Board, Training & Events, and Networking. Below this is a breadcrumb trail: Forums - Communities of Practice: Industrial Hygiene. A secondary navigation bar includes Directory, Calendar, Forums, Photo Gallery, Pages, and Actions. The main content area is titled 'Forums' and includes a search bar, 'My Subscriptions & Settings', and 'Top Posters'. A table lists forum categories with columns for Forum Title, Topics, and Posts. Three callout boxes with orange arrows point to 'General Discussion', 'Gas Alarm Systems and Technology', and 'DCM' in the table. A sample post is visible on the right side of the table.

Accessing Forums in a CoP

The screenshot shows the CSHEMA website interface. At the top left is the CSHEMA logo. The top right features a user profile for James Fleetwood, a search bar, and a notification bell. A dark red navigation bar contains links for My Feed, My Profile, Member Directory, Job Board, Training & Events, Networking, CSHEMA Café, and Communities of Practice. Below this is a breadcrumb trail: Forums - Communities of Practice: Industrial Hygiene. A secondary navigation bar includes Directory, Calendar, Forums, Photo Gallery, Pages, and Actions. The main content area is titled 'General Discussion' and shows a forum index for 'Communities of Practice: Industrial Hygiene Forum Index » General Discussion'. A search bar is present. A table lists forum topics with columns for Topics, Replies, Author, and Latest. The 'User guide' topic is highlighted with a blue callout box that says 'Select a Topic to Join the Discussion and Post a Reply'. An orange arrow points from the callout box to the 'User guide' topic in the table.

The image shows a screenshot of the CSHEMA forum interface for creating a new topic. The page has a dark red navigation bar with links for 'My Feed', 'My Profile', 'Member Directory', 'Job Board', 'Training & Events', 'Networking', and 'CSHEMA'. The user is logged in as 'James Fleetwood'. The main content area is titled 'New Topic' and shows the breadcrumb 'Forum Index » CSHEMA Cafe'. There are three main input fields: a 'Subject:*' field, a 'Type your message...' text area, and an 'Attach Image(s) and/or File(s)' area with a 'Drop photos here or click to upload' instruction. At the bottom, there are 'Submit Post' and 'Cancel' buttons. A note states 'Only 10 files can be uploaded at a time.' Five blue callout boxes with orange borders provide instructions: 1. 'Enter Title/Subject for Your Post' points to the subject field. 2. 'Enter text only messages with limited features. ***Note that text entered here will be lost if you switch to "Full Text Editor" ***' points to the message text area. 3. 'Select "Switch to Full Text Editor" to add links, bullets, change text, etc. ***Recommended***' points to the 'Switch to Full Text Editor' link. 4. 'Add Images/Files' points to the file upload area. 5. 'Select Submit Post' points to the 'Submit Post' button. A large blue callout on the left side states: '***Created Topics are Automatically Subscribed to as an Instant Update***'.

Enter Title/Subject for Your Post

Enter text only messages with limited features. ***Note that text entered here will be lost if you switch to "Full Text Editor" ***

Select "Switch to Full Text Editor" to add links, bullets, change text, etc. ***Recommended***

Add Images/Files

Select Submit Post

Created Topics are Automatically Subscribed to as an Instant Update

Note: Only 10 files can be uploaded at a time.

The screenshot shows a forum interface for CSHEMA. At the top, there is a navigation bar with the CSHEMA logo on the left and user information on the right, including a profile picture, the name 'James Fleetwood', and a search bar. Below the navigation bar is a horizontal menu with various options: My Feed, My Profile, Member Directory, Job Board, Training & Events, Networking, CSHEMA Café, and Communities of Practice.

The main content area displays a post by user 'H. Kaup' dated 8/20/2024 at 8:22:39 PM GMT. The post text reads: 'Hello Doug, If you're looking to just do a quick leak test, hydrogen with have a cross-sensitivity with CO monitors so I would start there. I really like the Honeywell ToxiRAE (https://sps.honeywell.com/us/en/products/safety/gas-and-flame-detection/portables/toxirae-pro-family#overview). It is small and easy to use. You can use it for area monitoring or leak checks but it is also small enough to be used for personal monitoring. I really like how easy it is to change out sensors too. So you can use it for multiple gases.'

Below the post is a reply form with a text input field labeled 'Type quick reply...'. Below the input field is a checkbox labeled 'Subscribe to Instant Updates?'. At the bottom of the form are two buttons: 'Submit Quick Reply' and 'Reply Using Full Editor'. Two blue callout boxes with orange borders and arrows point to these elements. The left callout box points to the 'Subscribe to Instant Updates?' checkbox and contains the text: 'Subscribe to Instant Updates to Receive Emails When Users Respond to the Topic'. The right callout box points to the 'Reply Using Full Editor' button and contains the text: 'Respond to the Author of This Topic by Using Quick Reply or Use the Full Editor'.
