

**Safety and Health Professional  
(Industrial Hygienist 3)**

Washington State University's Department of Environmental Health and Safety ([www.ehs.wsu.edu](http://www.ehs.wsu.edu)) has an opening for a Safety and Health Professional (listed as an Industrial Hygienist 3) located at the Pullman, Washington campus.

**DESCRIPTION:**

This position is responsible for developing and coordinating implementation of safety and health programs and conducting safety and industrial hygiene evaluations. General duties include evaluating work practices and equipment, investigating accidents, recommending hazard controls, and developing and conducting training. This position is primarily assigned to Housing and Dining Maintenance Services.

**MINIMUM QUALIFICATIONS:**

A Bachelor's degree involving major study in occupational safety and/or health, industrial hygiene, chemistry, physics, chemical, mechanical OR sanitary engineering, environmental science, nursing, medicine, biology, OR related field AND Three years of experience as an industrial hygienist; OR equivalent education/experience.

**LOCATION: Washington State University, Pullman, Washington**

Washington State University is approximately eighty miles south of Spokane and seven miles west of Moscow, Idaho, home of the University of Idaho. WSU serves approximately 18,000 students. The surrounding area largely consists of agricultural and forested lands. Recreational opportunities abound in the nearby mountains and the Snake/Clearwater River system.

**APPLICATION PROCEDURE:**

Apply online at <https://www.wsujobs.com>. The position is listed as an Industrial Hygienist 3. The position is open until July 6, 2010. Questions about the position may be directed to Ed Havey (509-335-5311; [havey@wsu.edu](mailto:havey@wsu.edu)).

**WSU is an EEO/AA Employer**
